

Wished you could Integrate with other
"Best-of-Breed" Applications?

Need to get your Progress® application ready
for Web-Services, SOAP, XML?

Overwhelmed in deciding between
4GL GUI, .Net and WebSpeed?

Business Components not constructed from
Documented Business Processes?

Tired of trying to implement the
"One-Size-Fits-All" approach?

- Start the Application Modernization Process Today!
- Lower your Development and Maintenance Costs

There is a solution...

Innov8's "Plug-n-Play" Approach!

- ✓ Custom Services based on your Needs and Requirements
- ✓ One-Size DOES NOT Fit-All Approach
- ✓ Focus on **Mentoring** and **Knowledge Transfer**
- ✓ Easy to Understand: Processes as Atoms, Molecules and Compounds
- ✓ Technology Independent **"Inside-Out" Architecture**
- ✓ Identify and Document your Business Processes
- ✓ Emphasis on Leveraging your 4GL Knowledge and Resources
- ✓ Proven and Published "Plug-n-Play" Methodology

Proven Results...

"...Your team's ability to gain understanding to the system and make recommendations was, in our opinion, incredible.

...In the past 12 years of working with programmers we have never encountered such a professional organization.

...Not only do they perform basic programming tasks quickly and accurately, but they offer well-grounded opinions on structure and design..."

**- Tim Singleton, President
PREMIER RESULTS, INC.**

"...We have found your knowledge, patience and training acumen to be virtually unmatched in the industry.

...Without your skills and guidance we would not have been able to meet our deadlines. To say that we were pleased with you would be an understatement.

...I believe the highest form of compliment would be the answer to this question – would we use you again – my answer is – in a HEARTBEAT!!..."

**- Norman Wazaney
INTERNATIONAL PAPER**

"...Innov8 provided us with a real common-sense methodology for modernizing our Progress application.

... The emphasis on solid documentation and a 'start today' approach has helped us to start moving in the right direction..."

**- Mary Jo Haynes, Lead Architect
ENCOMPIX, INC.**

"...My technical team is often skeptical about training classes, but the one you did for us prior to our project kickoff was well received. I have no doubt you have helped improve the practices of my programming team..."

**- Carl Mix, President
APPLICATION RESULTS, INC.**

Customized Approach...

- With **over 15 years of Progress experience**, Innov8 is a proven leader in the industry. Our presentations on Application Design and Architecture, such as **Splitting the Atom! Application Development "Inside-Out"**, are a regular fixture at the yearly worldwide Progress sponsored Conferences.
- Our OpenEdge Reference Architecture (**OERA**) compliant approach to Application Modernization and Integration has also been recognized by Progress Software, through the PSDN white paper titled **Plug-n-Play Applications: Design Principles for a SOA**.
- Innov8's Architecture Philosophy is based on providing **Custom Mentoring** and **Knowledge Transfer** to our customers: Progress Application Partners and End-User IT Departments. The focus on **System Documentation of Business Processes** consistently leads to successful Application Re-Architecture.
- Finally, the step-by-step methodology provided by us, allows you to **start the Modernization process today**, without a full rewrite and without stopping current projects.
